

## UK Declaration of Incorporation

for an incomplete machine within the meaning of the UK statutory requirements Supply of Machinery (Safety) Regulations S.I. 2008/1597

The version of the external ventilation units size 63 to 560 with built-in asynchronous internal and external rotor motor or electronic commutate internal and external rotor motor has been developed, designed and produced in compliance with the above UK directive under the sole responsibility of the company

WISTRO  
Elektro-Mechanik-GmbH  
Berliner Allee 29 – 31  
D-30855 Langenhagen

and complies with the requirements of Annex I, Articles 1.1.2, 1.1.5, 1.4.1, 1.5.1 of the UK Supply of Machinery (Safety) Regulations S.I. 2008/1597.

The following harmonised standards have been used:

EN 60204-1: 2019 Safety of machines; electrical equipment of machines  
EN ISO 12100 : 2010 Safety of machines; fundamental terms, general design guidelines  
EN ISO 13857 : 2008 Safety of machines; safe distances

The special technical documents as per Annex VII Part B are completely available.

In case of a justified request, the special documents will be communicated to the State authority. This communication may be made electronically, on data carriers or on paper. All protective rights remain with the manufacturer stated above.

This product is only intended for integration into a system which is completed with other devices and must be operated as such. The operator of the overall system is responsible for compliance with the Supply of Machinery (Safety) Regulations and the conformity procedures.

Langenhagen, 03.05.2022

H. Strohmeyer – Technical Manager
